## Message of inspiration from our Principal and Head of Studies

**Tran Thanh Tam (Mr.)**  
*Principal*

I share the joy that our teachers and students had an interesting and memorable end of term 3 holiday. In addition, the school is proud to congratulate the outstanding achievements that students have achieved in the recent city-level competitions.

In particular, I would like to congratulate and thank all teachers and students for successfully organizing the creative and meaningful STEM Day!

**Ms. Jamie-Leigh Cloke**  
*Head of Studies*

We extend our heartfelt appreciation to all students and teachers for your incredible hard work and dedication during the recent MOET exams. Your commitment and perseverance truly reflect the spirit of excellence. As we look ahead to the upcoming semester exams, let's carry forward the same passion and determination. With continued effort and focus, we can finish the term strong.

Keep pushing forward—you've got this!

**Mr. Aaran Meusen**  
*Head of Studies*

With exams nearly behind us, it's time to give our full energy to the Year-End Concert! Every class has been practicing with heart and dedication, and we can't wait to witness the final performances.

Thank you all for your hard work and passion — it truly shows. Let's keep rehearsing and make this concert the most memorable one yet!

Let the stage shine with your talent!

**Tran Gia Phat- Y5 (Nadal)** was honored to represent his school in the Spelling Bee organized by the school network.

**The Year 5 students** surveyed the current state of the environment. The students worked together to observe and interview teachers.

**On Monday, students gathered for the weekly Flag Ceremony.** The Principal reminded them about upcoming exams and key rules: wearing uniforms correctly, being on time, no phones in class, and staying focused. The assembly showed SIS students' growing discipline and responsibility.

### Year 8 Builds Gravity-Defying Tensegrity Tables!

Year 8 students designed floating tables for STEM Day using tension and compression. This hands-on project boosted creativity, teamwork, and physics knowledge. Well done to all—we can't wait to show off their work! upcoming exams and key rules: wearing uniforms correctly, being on time, no phones in class, and staying focused. The assembly showed SIS students' growing discipline and responsibility.
