- Easter Day

## How to manage your exams

### Review and Clarify

Revisit and clarify the concepts.

### Identify Gaps

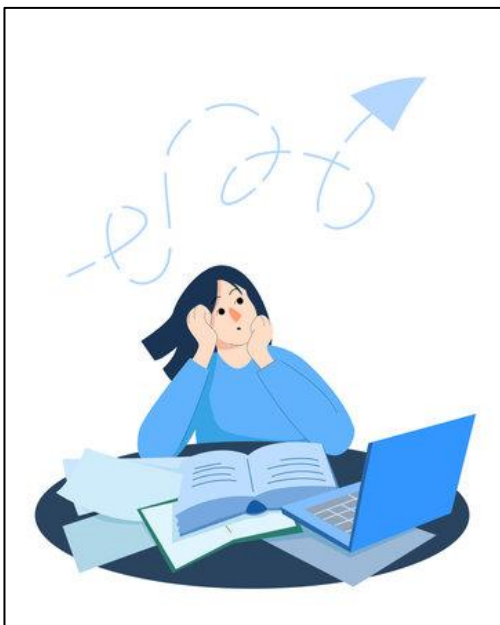

Recognize areas where understanding is lacking.

### Explain to Others

Articulate the concept as if teaching someone else.

### Simplify Explanation

Simplify the explanation for better clarity.

## A message from our Principal: **Mr. Dudley Schroeder**

Dear Parents,

It has been a very busy yet productive few months at Can Tho campus, filled with various activities. We have had a Kindergarten Traffic competition, Academic Competitions, a successful five-week swimming program, two major sporting competitions, and our annual Open Day event.

Looking ahead, we are excited about our upcoming Science STEM Day, Graduation and Concert on Friday, June 20, and, inevitably, our exams. The Vietnamese exam schedule has been sent to all parents. We urge you to encourage and motivate your children to study, complete their homework, and do their very best every day to achieve their educational goals. The exams for the international program will be held during the last week of May.

We would like to express our heartfelt gratitude for your continued support and for choosing us as your school of choice.

**Wishing our students the very best in the forthcoming exams.**

## Ukelele Fun: Mastering Ukelele Chords

The Year 5 students showed impressive dedication and teamwork during their ukulele lesson, enthusiastically mastering chords and strumming techniques.

**Listening, Learning, and  
Lyrics: Year 6's Ultimate Music  
Challenge**

**Year 2 STEM Project:** Year 2 students had a blast learning about the respiratory system by creating a lung model with straws and balloons, seeing how they "breathe" by inflating and deflating. This hands-on STEM activity made learning fun while teaching teamwork and science!
