1 June: Children's Day

21 June: End of Year Concert

30 June: Term 4 Ends

STEM Activity– Y1 students raise their hands in a student-led activity

Message from the Principal

Dear Parents and Guardians,

I hope this newsletter finds you well as we near the end of another successful month at our school. It has been a busy period filled with exciting events and important milestones for our students.

I want to commend our students for their hard work and dedication during their second semester exams. They have shown tremendous effort and commitment in their studies, and I am proud of their accomplishments. Well done!

As we enter the final month of the academic year, let us continue to support our students as they wrap up their studies and prepare for a well-deserved break. I encourage them to stay focused, maintain a positive mindset, and finish strong.

Thank you for your ongoing support as we strive to provide the best possible learning environment for our students. Together, we will continue to nurture their growth and help them achieve their full potential.

Wishing you all a successful and enjoyable end to the academic year.

Yours Warmly,

Mr. Ben

Minh Quan and Thanh Lam of Year 5 reach to the sky as they play a game of badminton with their classmates.

K1 Students Quoc An and Thanh Son role-play as doctor and patient (above) while we see Year 2 students exploring the nature around our school campus (below).

K2 Students – enjoy coloring the Earth during a fun Earth Day activity.

Virtues Programme

In May, our students learned about the virtues of Excellence and Self-reliance.

Excellence is about giving your best and paying careful attention to every task and relationship. It involves putting effort into your actions with purpose and a desire for perfection. Like a seed that grows into a fruitful tree, practicing excellence helps your abilities flourish and leads to success. Strive for excellence in everything you do, and you will see the positive outcomes of your hard work and dedication.

Self-reliance means relying on your own efforts and abilities. It involves having the confidence and courage to trust your own judgment and take action based on your own beliefs, rather than being influenced by others. A self-reliant person recognizes that they are responsible for their own life and the choices they make. They understand the importance of taking ownership of their actions and decisions, and strive to be independent and self-sufficient. By embracing self-reliance, individuals empower themselves to shape their own future and overcome obstacles along the way.

School-Wide Learner Goals

May's School-Wide Learning Goal of being an Academic Achiever emphasizes the significance of improvement and effort in our academic journey. We believe that success is not solely measured by grades, but by the continuous progress we make and the effort we invest in our studies. It is crucial to recognize that growth and learning come from pushing ourselves beyond our comfort zones and embracing challenges. By valuing improvement and dedicating ourselves to consistent effort, we can unlock our full potential and achieve academic success.

Outward Bound Vietnam -Year 10 students pose for a group photo (above) while Prep students learn about toys in Chinese class with Ms. Ting (below).

Nursery Twins – Tam An and Tam Binh are making lovely twin flowers as a special gift for Mother's Day.
