13 January: Term 3 Starts

Year 12 Students setting a great example for our younger students during a fire drill practice. Lining up straight and showing the green sign.

Halloween Event – Watch out for the zombie behind you!

Message from the Principal

Dear Parents and Guardians,

We wrapped up this month's learning with a lively and magical Halloween celebration that brought plenty of excitement to our school community.

Halloween gives our students and staff the perfect chance to showcase their creativity. It's a day where costumes, games, and treats bring out the fun and festive spirit in everyone.

Our hallways and classrooms at SIS@Can Tho were overflowing with spooky decorations, from spiders and bats to skeletons and ghosts. The school was filled with a wonderful mix of witches and pirates roaming the halls, while monsters and princesses shared snacks, and zombies and superheroes joined together on the playground. It was a day full of laughter and memorable moments!

A huge thank you to our dedicated teachers and supportive parents for helping make this celebration a success. The impressive decorations and the fantastic creativity in our students' costumes added so much to the Halloween spirit. We can't wait to see the amazing costumes and decorations next year!

Warm regards,

Mr. Ben

Bao Quyen and Kha Di of Prep share their adorable smiles (above) while **Henry and Jack of Year 8** determine the density of an object in a Science class experiment (below).

Virtues Programme

In October, our students focused on the virtues of Generosity and Teamwork, which help build a stronger, more caring world.

Generosity is about giving without expecting anything in return. Whether it's sharing supplies, helping a classmate understand a lesson, or simply offering a friendly smile, generosity brings joy to others and shows them they are valued. It's one of the most powerful ways to show kindness and build friendships.

Teamwork means coming together to reach a shared goal. When we work as a team, we can get more done and benefit from each other's strengths. For example, one student might be good at organizing, while another has creative ideas. By combining skills, they can accomplish great things. Teamwork teaches us to listen, cooperate, and achieve more than we could on our own.

School-Wide Learner Goals

In October, our School-Wide Learning Goal was to nurture Active and Responsible Citizens who respect diverse cultures and demonstrate strong social responsibility. These students show good citizenship by helping others, understanding the importance of community, and making positive contributions to those around them.

Active and Responsible Citizens also model good virtues, recognizing that a balanced, healthy lifestyle is essential for their personal well-being and the well-being of others.

Students can become Active and Responsible Citizens by learning about other cultures, volunteering for community and school projects in order to help others, and by choosing active ways to spend time.

Gia Hao of K1 Class is dressed as a lovely green fairy (above) while we see **Year 9 Students** listen attentively to Ms. Floriza's instructions during STEM class (below).

Year 2 Students laugh as they learn about coding with our M-Tiny robots.

Le Thien Loc of Prep Class strikes a dramatic (and scary) pose.
